Re: Town of Anthony, Texas Fiscal Year (FY) 2023 Community Project Funding Application

Dear Congresswoman Escobar:

I am writing to express my strong support for the Town of Anthony's application to the FY 2023 Community Project Funding opportunity via the annual appropriations process.

The Town of Anthony is a rapidly growing community that is the first and last city encountered in Far West Texas, with over 5,300 residents and approximately 50,000 individuals commuting through the Town each day. Although the Town has made great strides to improve community facilities and services, much opportunity remains to keep up with the anticipated community growth along with safety and tourism needs. All of the Town's governmental offices are currently housed within the Town Hall, including the police department, courtroom, water utilities, etc. Any support by way of a Community Facilities Grant to construct a new police department, courthouse, and emergency community shelter complex will aid in replacing rapidly aging facilities, provide a safe space to community members in the event of a catastrophic event, and allow for the speedy and secure adjudication of cases.

Your thoughtful consideration of this vital community project is greatly appreciated. Should you have any questions for me, please don't hesitate to contact me at (915) 595-5955.

Sincerely,

A handwritten signature in black ink, appearing to read "Cesar J. Blanco".
